Pastor Ben Meyer Hoxie Baptist Temple

Highly Favored

By Pastor Ben Meyer, Hoxie Baptist Temple

When you hear of someone having favor status, what benefits does the individual in that position enjoy? People strive to be the favorite in all atmospheres, whether at home, in the workplace. at church, or within an organization. My children like to strive to be mom or dad's favorite, though we don't have favorite children, the position is still strived for because in their mind there are benefits that come if the position could be achieved.

One day an angel, Gabriel, came to Mary and said "Hail, thou that art highly favoured, the Lord is with thee: blessed art thou among women." From the event that follows, we see that favor status with God doesn't mean immediate easy benefits in life. Oftentimes, the closer that one lives to God the more that the person suffers for God. Wouldn't being favored mean good news? However, in verse 29 of Luke 1, Mary was troubled at what she had heard and then began to process it all in her mind. For a little bit of time in Mary's life, it appeared that this news was going to ruin her engagement, friendships, perception in the community, and even place in her a position where her fiancé could have her stoned. As it's all starting to process, Mary may have thought, "How is this connected to favor status?"

I remember back to when I was in elementary school and working to achieve a position of class favorite, or teacher's pet because I connected these positions to easy workload. Mary may have gotten excited when Gabriel said, "Hail, thou that art highly favoured" and connected it to something being eased in her life from this point forward. However, the news brought the opposite of that. Mary is given the round-the-clock responsibility of carrying a baby. On the journey back to Bethlehem in her 9th month, Mary may have repeated to herself each mile after mile, "Hail, thou that art highly favoured."

When Mary and Joseph arrive in Bethlehem they know two things, they are favored in God's eyes and the baby is Jesus, the Son of God. Surely from here on out things will fit their favor status. The news from the innkeeper didn't make things any better, all the hotel rooms are full. Mary and Joseph didn't have newborn clothes to wrap Jesus in, they had to settle for swaddling clothes.

Mary found out that favor status with God means full submission to him. That's what it meant then and it still means the same thing today. Everything is left in God's hands. The timing of a situation, the method, and the process of any event in life is left in His hands. Favored means obedience. Proverbs 14:9, "Amongst the righteous there is favor."

I often think about great people in the Bible that God chose for great positions. Abraham to father the nation of Israel, Moses to lead Israel, Paul to carry the gospel to the Gentiles, John the Baptist to be the forerunner for Christ, Mary to be the mother of Jesus, and Joseph to be the earthly father of Jesus. The next time that God has a great task that he needs to be carried out, as all of these individuals successfully did, I want to be an individual that comes to his mind, "I'll ask Ben Meyer to do it". If that's going to be me, I'm going to have to be like Mary and Joseph and eliminate all of my preconceived ideas and plans and respond to God's request as Mary did: "Behold the handmaid of the Lord; be it unto me according to thy word."

the outstanding performance contributed to Grinnell winning the 1983 1A team championship, which they would also win two other times during her career (1980, 1982). Her performance in 1983 was the sequel to her championships for the 100m and 200m races in 1982. She also won the 100m race in 1980. Heier was part of Grinnell's 1A KSHSAA State Cross Country Championships in 1980 and 1981. When it was all totaled after her outstanding high school career, Heier won 21 state medals across three sports, including 11 of which were gold. **BAR & GRILL** Welcome in 2025 City Limits Bar & Grill Tuesday, December 3! Golden Plains High School had two players named to the Sagebrush All-Tournament Team at the tourney in Brewster on December 14.

Junior Anais Cepeda was named to the all-tournament team for the girls. This is her first time to be named to the alltournament team. Cepeda led the Bulldogs to a third-place finish in the three games. She scored a total of 25 points and had 14 rebounds, 7 assists, and 9 steals. "It was pretty cool to be named to the All-Tournament Team," said Cepeda. "We played well in the tournament. I appreciate all my teammates for working had and working together."

Junior Dylan Wark was also named to the All-Tournament Team for the first time in his career. He scored a total of 68 points in the tourney along with 14 rebounds, 7 assists, and 7 steals. "It felt pretty good to represent our school on the all-tournament team," said Wark. "We have great teammates and work well together."

Young Bulldogs Gain First Win of Season

By Judy Rogers

The Golden Plains Middle School boys' basketball team defeated the Northern Valley Huskies on their home court 40-10 in Rexford on December 16. This was their first win of the season as they head to the Winter Break with a 1-4 record.

The Bulldogs hit the floor ready to score. They put up 11 points in the first quarter while holding the Huskies to 4. Seventh grader Ruxin Arnberger hit three 3's in the second quarter leading the Dogs to 15 in the quarter while the defense held the Huskies to another 4 giving the Dogs a 26-8 lead at the half.

The Bulldog offense continued to stay strong in the second half with 8 points in the third and 6 in the fourth. Their defense held the Huskies to 2 in the third and 0 in the fourth, giving the Dogs the 40-10 win.

Arnberger led the Bulldogs with 21 points along with 8 from Parker Vahling, 7 from Kasch Buehler, and 4 from Koen Schaben.

The B-Team played earlier in the afternoon. The Dogs were unable to score in their two-quarter game. The Huskies scored twice in the first quarter and not at all in the second to win 4-0. The Dogs will return to the court on January 9 when they host Cheylin in Rexford.

Wrestlers Lose a Tough One

The Hoxie varsity wrestling squad took a blow from the Oakley Plainsmen Friday night as the local wrestlers lost 26 to 20. The excitement was tense as each team regained the lead for the other until Hoxie went ahead 20 to 14 with two matches remaining. Then Oakley came up with two falls to gain the lead and became the winners.

All the matches were exciting to watch as most of them were close and had a lot of action. Mike Winter, Hoxie's 105 lb. wrestler beat defending State Champion Bill George for the second time this year.

Dave Sanely and wife went to Hoxie Saturday. Miss Hattie Thomas is home for a week's vacation.

C. F. Monteith made two trips to Kansas City

Laird McKinney, Beryl Farber, Floyd Russell and Howard Reed are all home from K. U. for the holidays.

County Treasurer Dallam and his efficient deputy, Miss Ora Farber, have been busy the past three weeks taking care of the taxpaying rush. So many people pay taxes by mail now that it takes all one person's time to answer their letters.

Len Zodrow while in town Monday called at the Sentinel office to get some school district order books. He said he had to have one to pay his teacher before Christmas. The Zodrow boys are old-timers up in the north part of the county.

Mr. and Mrs. Leon Steinshouer, of Courtland, Kansas, spent Christmas here with Mr. Steinshouer's parents, Mr. and Mrs. J. L. Steinshouer, and other relatives.

Orval Coffman has sold his plumbing shop here to T. E. Robinett and has moved to Goodland where he owns a plumbing business. Orval is a good plumber and a good citizen and the people of Goodland are fortunate to have him locate there. Mr. Robinett is well known here. He is a good mechanic and no doubt will do well in this business.

Joe Goetz that big, jolly farmer of West Saline township, was attending to business matters in Hoxie Monday. We first met Joe several years ago at the courthouse. It seems that some fellow is selling his farm by error described Joe's land in the deed and Joe and Fred Thompson were going round and round to get the matter straightened out. Joe didn't much like to have his land sold in that way but he took it all good naturedly.

Prof. Charles L. Williams is contributing a few poems each week to some newspapers and was kind enough to send us one of his Christmas poems for publications. Prof. Williams has literary ability. He is a member of the Kansas Authors' Club, and his writings are accepted by some of the best magazines. In fact, should he devote more time to this work, he could climb up to the top. The professor is superintendent of the Minneola, Kansas, schools, this year.

Glenn Shaw, student at Kansas University, Lawrence, arrived here the latter part of last week and will spend his Christmas vacation with home folks.

Mr. Hugh S. Cooper, of Kansas City, Missouri, sent us his Christmas greetings last week and the wherewithal to keep the Sentinel going his way another year. Mr. Cooper owns a section of Sheridan county dirt and he says under the efficient cultivation of Mr. Henry Ochs it gave him good returns this year.

John Koerperich, of Selden, who is a senior in the Hays College, accompanied by his sister and Mr. Bueltel were shopping in Hoxie on Monday. John is taking a straight classical course at Hays and is rated an excellent student.

Lady Indians Defeat Dighton

The Hoxie girls basketball team finished it pre-Christmas schedule with a 6-1 mark after beating Dighton, 49-37, on Dec. 21.

The Indians jumped out to a 13-8 first quarter lead, but could only muster four points in the second period to take a 17-10 halftime advantage.

After the intermission, Hoxie increased the deficit by more pints after outscoring the Hornets by a 13-9 margin. The Indians then outscored Dighton by a 19-18 count in the final period enroute to the victory.

New Hybrid Doctor of **Physical Therapy Degree**

Kansas City, KS - Students who wish to pursue a Doctor of Physical Therapy (DPT) degree at the University of Kansas School of Health Professions but find it difficult to relocate to Kansas City now have the option of living elsewhere while completing the program. KU's new hybrid DPT learning pathway has been approved by the Commission on Accreditation

in Physical Therapy Education (CAPTE), offering students greater flexibility to pursue their degree. The pathway will also expand the number of students enrolled in the DPT program.

The Bureau of Labor Statistics projected the demand for physical therapists to grow by 14% from 2023 to 2033, which is significantly faster than the average for all occupations. The new hybrid option helps meet that demand by increasing the number of students accepted into the DPT program.

Students who choose the hybrid pathway will combine online instruction with up to two intensive, on-campus lab immersions at KU Medical Center in Kansas City during each of the first seven semesters of the three-year program. These students will have access to the same facilities as students enrolled in the oncampus DPT pathway.

Current applicants that meet the admissions criteria will be offered the opportunity to enroll in the hybrid pathway as well as in the traditional on-campus pathway, which already has a class size of 60. The first hybrid class will comprise 30 students and begin in the summer of 2025. After the first year, the department will enroll 60 students in the hybrid pathway, doubling the total number of physical therapy students at KU to 120 in each class.

In 2024, the DPT program at KU School of Health Professions was ranked fifth in the country among public schools by U.S. News & World Report. It was ranked 11th in the nation overall.

KWEC Hosts Winter Break Activities

Hays - Fort Hays State University's Kansas Wetlands Education Center will host several drop-in events on Thursday, December 26, and Friday, December 27.

The December WILD program will take place on Thursday at 10 a.m. in the KWEC Classroom. Participants will learn more about the animals behind common tracks and will have the opportunity to make a plaster track ornament to take home.

Weather permitting, participants will look for tracks and evidence of Cheyenne Bottom's winter residents along the nature trail. WILD is a monthly series for school-age kids and their families. The mission is to get kids outside exploring and off their devices. No registration is required for this free activity.

Then, on Friday from 1-3:30 p.m., participants can experience the Science, Technology, Engineering, and Math of winter trees through a variety of hands-on interactive activities. Come out for an afternoon of adventure, a come-andgo event.

Get your winter break wiggles out and join us for a fun and educational Drop-in STEM day with a winter trees theme. This event is perfect for curious minds of all ages.

Science - Mistletoe - Decoration or Parasite? discover the fascinating world of mistletoe. Why do people kiss under it? Sometimes Shotguns are used for harvesting mistletoe, and their berries can explode, ejecting seeds up to 60 MPH.

Technology - Create your own spinning Christmas tree to take home. The simple electronics of this project will wow your kids until they go back to school. In a bonus technology station, we'll explore our Cheyenne Bottoms Chronolog, following a time-lapse of one particular tree in the marsh.

Engineering - Use a hammer, wood, nails, wheels, and axles to construct the classic truck carrying a tree.

Math - Learn how to measure the height and diameter of a tree and understand how much lumber can be harvested.

Farm Lease Laws

By Keith P. VanSkike, Twin Creeks District Agent, K-State Research and Extension

Thirty days prior to March 1st is an important date for landowners and tenants. Landowners and tenants will want to pay particular attention to Farm Lease Laws as a critical date of notice. If you have a need to terminate an oral or written lease to a tenant there is a date upcoming that is important. This does not apply to written leases that have tenancy dates specified in writing! This applies to pasture and cropland leases as well the Kansas Legislature has included the addition of pasture lease also.

For oral or written leases where a date is not specified and if you are terminating a lease, you, as a land owner, must give notice to terminate as follows:

1) Notice must be in writing

2) It must be delivered at least 30 days prior to March 1st

3) It must fix the termination date of tenancy to take place on March 1st of that current year.

4) The best method of notice is by registered mail or personal delivery and the owner should keep a receipt of delivery.

If a fall seeded crop such as wheat has been planted already, then the termination will be on the fall seed crop on the day following the last day of harvest or August 1st, whichever comes first. The termination date must be dated March 1st of that current year.

Oral agreements are sometimes vague if a disagreement arises. In fact, oral lease agreements are usually only enforceable for one year. It is best to put together something in writing to protect each party and avoid misunderstandings. K-State Research and Extension has a brochure on Kansas Lease Laws. Ask for the publication "Kansas Agricultural Lease Laws" C-668. Also go online to"ksre.ksu.edu/bookstore" and search for the publication number c-668 Contact one of the Twin Creeks offices in Norton, Hoxie, Hill City and Oberlin for more information. Another excellent site is to go to www.agmanager.info and this is the KSU Agricultural Economics department. These are the very basics to the farm lease law and farmers are encouraged to look at this publication for more information.

Kansas Milk Production

Manhattan - Milk production in Kansas during November 2024 totaled 351 million pounds, up 3% from November 2023, according to the USDA's National Agricultural Statistics Service. The average number of milk cows was 181,000 head, 5,000 head more than November 2023. Milk production per cow averaged 1,940 pounds.

Rep. Mann Reappointed to House Ag Committee

Washington, D.C. - U.S. Representative Tracey Mann (KS-01) announced his selection to serve on the House Agriculture Committee for the third consecutive term since being elected to Congress.

"I came to Congress to advocate for Kansas agriculture and fight for our conservative Kansas values," said Rep. Mann. "Agriculture is the heartbeat of the Big First District, and right now America's agricultural community is in desperate need of long-term farm policy provides that certainty, protects and strengthens crop insurance, incentivizes robust agricultural trade programs, and supports agricultural research and education. Serving on the House Agriculture Committee better positions me to meet that need. Only in America can a fifthgeneration kid who grew up on their family farm and feedyard go on to shape farm and food policy on behalf of the country. I'm grateful for the opportunity to bring a Kansas perspective to the House Agriculture Committee and fight for our interests while we work to feed, clothe, and fuel the world."

As a member of the House Agriculture Committee during the 118th Congress, Rep. Mann served as the Chairman of the House Agriculture Committee's Subcommittee on Livestock, Dairy, and Poultry; led the Ensuring Access to Risk Management Act to correct risk management delivery funding for crops and restore the annual inflation adjustment for crop insurance agents; and introduced the American Farmers Feed the World Act to ensure that U.S.grown commodities remain the cornerstone of international food aid. Additionally, Rep. Mann spoke on the floor of the U.S. House of Representatives 27 times, urging Congress to pass a comprehensive, fiscally responsible Farm Bill and voted to advance the Farm, Food, and National Security Act out of the

House Agriculture Committee. During those negotiations, Rep. Mann secured 96% of Kansans' priorities in the base text of the bill.

The House Agriculture Committee's jurisdiction includes, but is not limited to: Crop insurance

General farm commodities including wheat, grain sorghum, corn, soybeans, sugar, cotton, and others, and commodities exchanges

Agricultural credit

Rural Development

Energy and electrification

Conservation

Nutrition programs, including the Supplemental Nutrition Assistance Program Horticulture

. Pest disease management

Research and research education

Livestock, poultry, dairy, and livestock marketing Trade promotion
