GCDC Youth Fundraise for Honor Flight

A big shoutout to our Grainfield Community Development Committee Youth—Brielle Hanna, Natalie Bixenman, and Evangeline Godek! These dedicated young ladies checked off a goal from their 2024 project list by raising funds to send a veteran on an Honor Flight. They set up at the American Legion during the Pheasant Hunters' supper on Saturday night, and the generosity from those who attended was truly inspiring.

If you'd like to contribute to this wonderful cause, donations can be mailed to GCDC, PO Box 25, Grainfield, KS 67737, or given directly to one of these young ladies. And here's an extra reason to give: GCDC will match every dollar donated, up to

\$1,000!

If you're unable to donate, simply letting these girls know how impressed you are by their commitment to honoring our veterans is a wonderful way to show support. Their dedication is truly admirable!

We also wanted to share a special achievement: Evangeline created an artwork that won First Place at the First District Congressional Art Competition last school year. Her artwork is now proudly displayed in our Nation's Capital for an entire year—a tremendous honor and testament to her talent!

Charlotte's Web presented at Hoxie High

Hoxie High School will present Charlotte's Web at 7:00 PM on Thursday and Saturday, November 21 and 23 at the Hoxie High School Auditorium.

The charming stage adaptation by Joseph Robinette based on the book Charlotte's Web by E.B. White tells the story of Wilbur, a friendly little pig who is befriended by a spider named Charlotte. Charlotte's penchant for writing may be the key to Wilbur having a bright future on the Zuckerman Farm, along with some help from the other barnyard animals including Templeton the rat.

Starring in the play are Lyla Vang as Charlotte, Khloe Hammond as Wilbur, Persephanie Sealock as Templeton, Kenzie Nondorf as Fern Arable, Jordon Dardis as Avery Arable, Cody Eller as Lurvy the Farmhand, Rose Lowry as Goose/Martha Arable, Alex Bufkin as Gander/John Arable, Sophia Hernandez as Sheep/Edith, and Maria Hammond as Lamb.

"The students are doing a wonderful job with these characters," said Ed Lowry, the play's director. "It should be a fun evening of family entertainment enjoying this endearing American classic."

Tickets for Charlotte's Web are \$5 for adults, \$3 for seniors and non-USD 412 students, all USD 412 students and under school age children are free.

Charlotte's Web is produced by special arrangement with The Dramatic Publishing Company of Woodstock, Illinois.

The Golden Plains Bulldogs were named Regional Champions in the six-man football playoffs following a 46-0 win over Pawnee Heights in Rexford on November 8. "We used the weather and our home field to our advantage," said Dylan Wark, junior. "We played together as a team. It was exciting to win regionals and play at home."

The Bulldogs, who now have an 8-2 record, came out in the rain ready to play. The Pawnee Heights Tigers won the toss and elected to receive. Jose Rios kicked a touchback to start the game, and the Bulldog defense went to work. The Tigers were unable to advance the ball, and the Dogs took over on the 16-yard line.

Dylan Wark quickly ran to the end zone for the Bulldogs' first score of the game. The Tigers returned the deep kick by Rios to the 19-yard line. They fumbled the ball and GP senior Miguel Garcia recovered the fumble for the Dogs. Following runs by Diego Perez and Wark, Wark finished the drive for his second score of the night. Senior Josh Rath connected with Perez for the extra point and the Dogs led 13-0.

The Tigers could not get past the Bulldog defense, led by senior Wyatt Amlong, forcing them to punt. Dylan Wark scored a third time for the Dogs. The wet, windy field played havoc on the Tigers as they lost the ball in the end zone, giving the Dogs a safety. The Dogs regained possession, and Perez crossed the goal line for the Dogs. Wark ran in the extra point and the Bulldogs led 28-0 at the end of the first quarter.

Rios kicked the ball deep to begin the second quarter. The Tigers returned the ball but couldn't get past Amlong. They fumbled and Garcia picked up his second recovery of the game. Perez scored again, but the touchdown was called back due to a penalty. He ran it in once more extending the Dogs' lead.

The Tigers made another long run down the field only to be tripped up by Conner Kier. The Tigers fumbled again, and Amlong recovered for the Bulldogs. Wark ran the ball to the 30 and Perez finished

in the end zone. The Tigers continued to struggle to get past the Dogs defense as they were forced to punt once more. Dylan Wark made a final touchdown for the Bulldogs to win the game 46-0 at the half.

Wark finished the game with 167 rushing yards and surpassed 1000 rushing yards for the season with 1064. He currently has 1970 career rushing yards. He also had 9 tackles for the Dogs in this game. "I would not have gotten 1000 rushing yards without my team," said Wark. "They do their jobs well and block for me. I also wouldn't have done it without Coach Smith. He has made me the player I am today, and I am thankful for that."

Diego Perez had 127 rushing yards, and 8 tackles against the Tigers. Wyatt Amlong led the defense with 10 tackles and 1 fumble recovery.

Additional tackles were made by Josh Rath 6, Miguel Garcia 3, Conner Kier 2, Jose Rios 1, and Cristian Garcia 1. Miguel Garcia made 2 fumble recoveries and Rath had 1. Rath also had 2 passing yards while Owen Patmon and Adam Ritter each had 1 rushing yard.

The Bulldogs will host Kiowa-South Barber for the Sectional game in Rexford on November 15 with a 6:00 pm kickoff.

Museum News

By Shari Buss, Director, Dane G. Hansen Museum

Exciting News: Our New Website is Live! We are thrilled to announce the launch of our redesigned website! Now, you can easily register for classes and purchase memberships directly on our site. Explore our new features, improved navigation, and fresh content tailored just for you. Check it out now at <u>www.hansenmuseum.org</u> and let us know what you think!

This week, we bid farewell to "Da Vinci The Exhibition". During this remarkable exhibit, the Museum had the privilege of hosting 26 different educational groups, including 23 school grades and three adult education groups. It has been a wonderful educational opportunity, and we are pleased that so many educators took the time to bring their pupils.

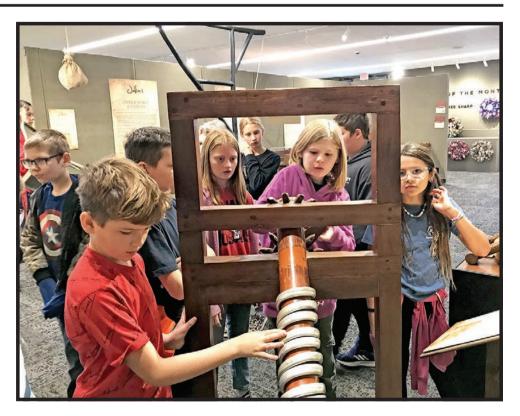

Due to the size and complexity of "Da Vinci The Exhibition", it takes four full days to dismantle and requires two semi-trailers for shipping. Consequently, the Museum's usual five-day turnaround time for exhibition changes has been extended to ten days. Please note that the Hansen Museum's next exhibition, "Kansas from 400" or Less", will not open until Friday, November 22, 2024.

During this transition period, the Museum will remain open to the public, continuing everyday operations. The Hansen history portion of the Museum offers a wonderful multimedia experience, and our Artist of the Month display features beautiful wreaths by Wann and Aimee Sharp. These talented ladies have created wreaths for nearly every holiday and are available for purchase throughout the month of November. Additionally, on Friday, November 15, and Saturday, November 16, we will host Staci Hartman's Oil Painting Workshop. Thankfully, we are an adaptable facility with employees who excel at multitasking! So, if you're looking for an outing, don't let a little dismantling deter you from visiting the Museum—we'll be here, ready to assist you.

We are honored to be chosen as the debut venue for our next exhibition, Kansas from 400' or Less. This exhibition features a collection of photographs by Thomas Zimmerman (formerly known as the Farmin' Artist) that have never been seen by the public before. In preparation for this exhibition, Zimmerman has quietly worked over the past several years to accumulate these photographs while keeping his followers guessing about his activities.

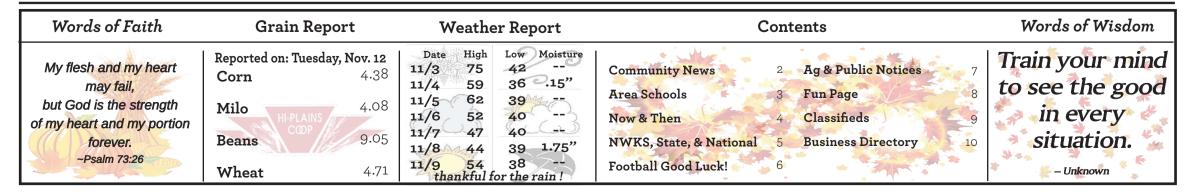

Diving into a new arena, Thomas has taken his photography to new heights—literally as the entire exhibition is shot using drones. Known for his stunning Kansas landscapes, Zimmerman recognized that employing a drone would provide perspectives unmatched by ground-based photography. This unique aerial viewpoint captivates viewers and allows him to showcase the beauty of the world from angles that inspire wonder. Additionally, fleeting moments of perfect light can often be missed; however, with his

ability to fly his camera precisely at the right time and place, he captures those magical seconds that might otherwise slip away, resulting in breathtaking images that tell stories only visible from above. Make plans to be among the first people ever to see these extraordinary photographs when the exhibition opens on Friday, November 22nd.

The museum is open Monday through Friday from 9:00 AM to 12:00 PM and 1:00 PM to 4:00 PM; Saturday from 9:00 AM to 12:00 PM and 1:00 PM to 5:00 PM; and Sunday from 1:00 PM to 5:00 PM. We are located at 110 W. Main Street, Logan, Kansas. For more information, please call 785-689-4846. We hope to see you at the museum!

Soup's On! Food Safety When Making Soup

By Aftan Tso, Family and Community Wellness, K-State Research and Extension

George Constanza from Seinfeld once famously said: 'Hold on. I'm switching to soup mode.' Well, folks, with the calendar saying 'November', it's officially soup season! As we are switching to soup mode, remembering food safety while preparing and storing soup can help keep us safe and healthy all winter long.

Cooking Temperature: For safety, soups should be cooked to a minimum of 165°F. Hot clear soups should be served near boiling, around 210°F, while cream or thick soups should be between 190°F

Here I am again. Folks, I couldn't be happier either. Fall is here and ducks and geese are coming south, and cranes; lots and lots of cranes. A couple of weeks back a voice in my head said to go hunting tomorrow. I have learned to never ignore that voice. I got to the hunting spot and was guided by that voice to a spot that I thought was outrageous. But I walked to it. Not 15 minutes after sunrise I had two flocks of Sandhill Cranes fly right to me. Four shots got me three big cranes. Two days later, we had one for supper and all I can say is wow! Treat those birds like a ribeye steak and you won't be disappointed. Just don't cook past medium! That was the best eating I have had in a long time.

Last Wednesday, saw my son and I at Cheyenne Bottoms. We left Hoxie at 3am for the drive down. Hunted all day then came home. Total bag of one white-fronted goose and ringneck duck. But we had a good time, and I will always keep that tradition alive.

Pheasant season opened last weekend. I wonder if the hunters had any luck with all the rain. I sat it out.

If you want to see a treat, go to Antelope Lake and look at all the stuffed animals on the north side of the creek. It has taken on a life of its own. It started with just a big teddy bear stuck into a tree cavity but has since grown to a lot of different critters! It's truly fun to see people come together to make something like this happen! I hope it continues to grow.

Well, I wonder what the Democrats think now? I also will bet that all those celebrities that said they'll leave the country, but will they really leave? I'm guessing not because frankly I don't think any other countries want them. All I can say is way to go Donald Trump! And to all of those local folks who wished ill will and death upon him, shame on you! And some of you call yourselves Christians and are church elders. You should be ashamed of yourselves! It's sad to see Satan get so deep into peoples' hearts and fill them with such hate.

To me, the best part of this election was the fact it wasn't even close. Even with the constant lies from the Left and the media, it was a whuppin'! It also tells me that real Americans are tired of the liberal lies and destruction of this country! I'm proud to be an American and a Trump supporter. Whether anyone else likes that just doesn't matter to me. Not one bit.

Not much else to say this go-round so I'll stop now. Remember to stay safe and enjoy the outside. Oh yes, Epstein didn't kill himself.

Hoxie Indians Defeat the Oxford Wildcats

By Clara Johnson

On Friday, November 8, the Hoxie High School Indians football team competed in their Regional game against the Oxford Wildcats. After an impressive 10-0 season, the Indians are pushing through the post-season hoping to earn the State Title. During the game, the Indians ran up an impressive 54-0 score against the Wildcats in a game of torrential rain and freezing winds. Over the course of the season, the Indians have won by 45 points or more in 5 of their 10 games. Head Coach Lance Baar stated about the game, "Anytime you play a game in the conditions that we played, mental toughness plays the biggest role. Our kids showed great toughness and embraced the elements. If they can keep playing with determination and toughness, we will be very difficult to beat. I'm just very proud of this team and their belief in one another and the team."

The chance at a state title is something the team has been hungering after for many years. The 10 seniors on the team have been working for this opportunity since day one of their freshman year. The seniors, Baxton Munk #5, Braydon Sheetz #6, Duncan Bell #11, Max Beckman #32, Easton Nickelson #44, Charlie Foote #51, Trent Fenner #55, Malcom King #68, Harrison Meyer #85, and Samuel Watkins #88 have spent countless hours striving for the chance to capture the state title.

The goal of an appearance in the state title game is not far out of reach for Hoxie. The team still has two more games they need to win to earn a chance at the title. For their next game, the Hoxie Indians will face the 8-1 Wichita Co. Indians. Hoxie hasn't beaten Leoti since 2019. This longtime rivalry is coming to a head in the Sectional game on Friday, Nov. 15 at Leoti.

Senior Mariah Barnett holds up a piece of her dissection, while her lab partner, senior Malcom King, works on dissecting the rest of their animal. The HHS Anatomy and Physiology class has been dissecting so many things with their teacher Christine Jumper. Mrs. Jumper and Mariah Barnett were asked how they feel about the past dissections. "It's wonderful because they are learning so much better than reading it in a book. The students have dissected a worm, frog, crawfish, dogfish shark, and next they will dissect a squid," said Mrs. Jumper. "It's pretty good, a little disgusting; my favorite thing to dissect was the shark," said senior Mariah Barnett.

Bulldog Runners Place at State

By Judy Rogers All three Golder

All three Golden Plains High School Cross Country runners that competed at state performed well on the course in Wamego with both girls placing in the top 10 and Zeke Weiner placing 22nd out of over 100 competitors.

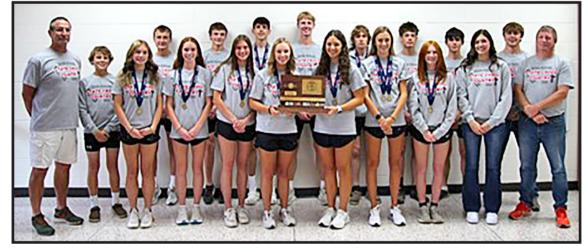

Elizabeth Weiner finished the course in 21:13.16 to place sixth overall. Her best time this season was 20:14.66 at Regionals. "The whole state experience was so fun," said Weiner. "I am so grateful for my team. The weather was different from anything I've ever run in before, so it was new and exciting. I am very happy with the way I placed, and happy Adilyn was on the podium with me."

Adilyn Meier placed ninth as she finished the race in 21:37.69. Her season best was also at Regionals where she finished in 21:14.14. "Although it was not the best running weather at state, I was happy with my time and placement," said Meier. "My goal for the season was to place in the top 20 at state, and I am happy that I was able to accomplish that as a freshman. I am already excited for what next year will bring for us and hopefully we will have enough girls for a team."

Zeke Weiner ran the state race in 18:22.52 to place 22nd. They placed the top 20 at State and he just missed out. His season best was 17:52.50 at Regionals. "There were a lot of really good runners at state," said Weiner. "I was pleased with my time especially with the wet weather that day. My goal this year was to break 18 and I met that goal at Regionals. I look forward to improving during my senior season and making it back to State."

Hoxie Runs Strong at State Cross Country Meet

The entire Cross Country Team poses for a picture with the Lady Indians 3rd place plaque. (HHS photo)

By Brenden Cook

On Saturday, November 2, the Hoxie Cross Country team attended the State meet in Wamego. The Lady Indians ran first with Teagan Lindenman taking the lead for the team and earning an individual 6th place finish with a time of 20:57. Following was Izzie Baier in 34th, Emily Farber in 39th, Addilyn Baker crossed the line in 47th, Lillie Denio followed in 59th, Chelidy Pridey in 68th and Wynter Kroeker in 90th.

The boys ran well with one student finishing in the top 10. Michael Haffner led the team and won 9th place with a time of 17:37. Aaron Keith followed closely and finished in 12th, with only 10 seconds of space between him and Michael. Next was Quinn Lowry in 59th, Beau Koster in 60th, and Jonathan Graham in 70th. The Indians finished with Nick Robben, who passed his opponent right before the line in 94th place.

At the completion of the meet, the Lady Indians were ecstatic to learn they took 3rd place overall. It is the first time Hoxie girls have placed as a team at State. The Boys won 4th place overall. Both teams showed great sportsmanship and respect for each other and their opponents. Coach Freiss said "Our athletes went to the State meet after a spectacular day at the Regional meet. They were able to extend the feeling for the meet at State so they ran well, competed hard, and were able to outperform expectancies. They are such a great group to work with and we are proud of all of them."

Students Perform at KMEA

By Judy Rogers

Golden Plains had several students perform at the KMEA Honor Choir at FHSU in Hays on November 2.

Ruxin Arnberger, 7th grade, spent the day practicing with all the other band members and performed with the group in Honor Band. Brandon Karnes, 8th grade, performed in Honor Choir after spending the day practicing with the entire Northwest Kansas group.

Three sophomore girls, Addy Wessel, Brielle Karnes, and Janessa Leija, auditioned throughout the day for the District Honor Choir. All three girls qualified and will perform in Hays on December 7.

"I'm really happy that all three of us will go together to Honor Choir," said Wessel. "It will make the experience more memorable. It's nice that all our hard work and practicing together paid off."

"I thought it sounded good," said Leija. "They had challenging music, and everyone did well." The musicians at Golden Plains are taught and sponsored by Mr. Michael Karnes

CCC Women's Wrestling Starting in 2025

Colby -Colby Community College announced the launch of a women's wrestling program, set to begin competing in the fall of 2025. The Trojans will participate in the National Junior College Athletic Association (NJCAA) and face off against other community colleges.

The CCC Athletic Department has initiated a national search for the program's inaugural head coach.

"We are excited to bring women's wrestling to Colby Community College," said Athletic Director Kenny Hernandez. "Wrestling has been a staple of Trojan Athletics, and this will provide more opportunities for the sport to grow."

Women's wrestling is one of the fastest-growing sports in college athletics, with the NJCAA set to host its Women's Wrestling Invitational Championship in Council Bluffs, Iowa, this spring. The Trojans will become only the second Kansas Jayhawk Community College Conference (KJCCC) member to offer the sport.

Scholarships are available for the program. Female students interested in wrestling at CCC can submit the wrestling recruitment form.

Applications for the head coach position are also being accepted. For more information and updates on the women's wrestling program, visit ColbyTrojans.com or email Kenny Hernandez at <u>kenny.hernandez@colbycc.edu</u>.

Low Income Energy Assistance Program (LIEAP) Opens Early

Topeka - The Kansas Department for Children and Families (DCF) has announced that Kansans needing assistance with winter energy bills will be able to begin applying for its Low Income Energy Assistance Program (LIEAP) Monday, Nov. 18. Applications will be accepted until 5 p.m. March 31, 2025.

"Kansas winters can be harsh and unpredictable. When temperatures fall, heating bills rise. By opening the LIEAP application period in mid-November, we're hoping families will have the help they need to cover those higher heating bills and stay warm in their homes," said DCF Secretary Laura Howard.

LIEAP provides a one-time per year benefit to help qualifying households pay winter heating costs, whether the home is heated with electricity, natural gas, propane, or other home heating fuels. In 2024, over 40,000 Kansas households received an average benefit of \$645.

To qualify, households must have an adult at the address responsible for the home's heating costs. Applicants must be at or below 150% of the federal poverty level. The level of benefit received varies according to household income, number of people living in the home, type of residence, type of heating fuel, and utility rates.

DCF and partnering energy companies are planning inperson events to help Kansans submit their LIEAP applications. For a schedule of in-person LIEAP application events, visit dcf. ks.gov. Kansans applying for LIEAP should have with them their identification, proof of income for all adult household members, copies of heating utility bills (gas, electric, propane, etc.), and a copy of their rental agreement if living in subsidized housing (a complete list of required information can be found in the FAQ document). Partnering energy companies, Atmos Energy, Black Hills Energy, Evergy, Kansas Gas Services, and Midwest Energy, may attend LIEAP application events in their service areas.

Applications can be accessed online at dcf.ks.gov by clicking the "Apply for Services" button on the top right side of the website. LIEAP applications will be accepted beginning Nov. 18 until 5 p.m. March 31, 2025.

Kansas Crop Production Report

Manhattan - Based on November 1 conditions, Kansas's 2024 corn crop is forecast at 800 million bushels, up 31% from last year's production, according to the USDA's National Agricultural Statistics Service. Area to be harvested for grain, at 5.80 million acres, is up 13% from a year ago. Yield is forecast at 138 bushels per acre, up 19 bushels from last year.

Sorghum for grain is forecast at 176 million bushels, up 4% from last year. Area for harvest, at 2.70 million acres, is down 17% from 2023. Yield is forecast at 65 bushels per acre, up 13 bushels from last year.

Soybean production is forecast at 170 million bushels, up 65% from last year. Area for harvest, at 4.48 million acres, is up 13% from 2023. Yield is forecast at 38 bushels per acre, up 12 bushels from last year.

Cotton production is forecast at 190,000 bales, up 28% from last year. Acreage for harvest, at 120,000 acres, is up 26,000 acres from 2023. Yield is forecast at 760 pounds per acre, down 1 pound per acre from a year ago.

Kansas Soybean Commission Announces Next Board Meeting, **Elections**

December meeting set to make FY26 funding decisions; election filing deadline falls November 30.

Kansas Soybean Commissioners are gearing up to make important decisions for the next year at their December 5-7 meeting. The board convenes at the Kansas Soybean Office in Topeka to analyze funding proposals for the 2026 fiscal year and conduct regular business.

Commissioners analyze funding requests that were submitted for consideration through a request for proposal process and select potential projects for further presentation at the meeting. Project proposals range from agronomic and new use research to youth education and industry development initiatives.

Project leads who receive approval are asked to make formal presentations at the December meeting before final funding decisions are made. Meetings begin at 8 a.m. each day with presentations slated for the first two days. The third day is reserved for regular business, discussion and final funding decisions.

Research is integral to the Kansas Soybean Commission's goal to improve farmer profitability. On-farm and industrial research projects funded through the checkoff add value by improving soybean traits and building demand for the crop.

Also in the pipeline for KSC is the annual commodity commissions election process managed by the Kansas Department of Agriculture. KSC invites leadership-oriented individuals involved in soybean growing to campaign for a seat on the checkoff board.

The nine-member KSC board invests soybean checkoff dollars collected in Kansas and sets the direction for industry growth in the state. Available boards seats for the 2025 election are districts seven, eight and nine comprising the eastern third of the state. Interested individuals must gather 20 signatures from eligible growers and meet the Nov. 30 filing deadline to be included on the ballot. No more than five signatures from any one county can be used to qualify a candidate. According to KDA, eligible growers are Kansas residents who will reach age 18 before the election and who have grown corn, grain sorghum, soybeans, sunflowers or wheat for the last three years.

Kansas Farm Bureau to Hold 106th Annual Meeting in Manhattan December 7-9

Manhattan — Kansas Farm Bureau (KFB) will celebrate its 106th annual meeting Dec. 7-9 in Manhattan.

"I'm excited we will be gathering again to conduct the work of the state's largest general farm organization," says Joe Newland, president of Kansas Farm Bureau. "I'm so glad I'll get to celebrate once again with our members, county Farm Bureaus and friends from across the state."

The organization's annual meeting will begin Saturday evening with KFB's Foundations' Fundraiser, A Night in Vegas, which benefits the End Hunger Program to address food insecurity in Kansas. The doors open for all at 5:45 p.m. at the Hilton Garden Inn, with the event starting promptly at 6 p.m.

On Sunday, informational workshops, tradeshow vendors and a silent auction will be open to attendees. Workshop topics include technology in agriculture, biosecurity, succession planning, mental health and more. A full list is available at www.kfb.org/ annualmeeting.

During the general session, awards for Friends of Agriculture, Natural Resources, county Farm Bureaus, mental health advocacy and media will be presented.

Diane Sullivan, cofounder of Equitable Spaces, and Brian Klippenstein, senior advisor to U.S. Secretary of Agriculture Sonny Perdue, will host a panel discussion on how important the freedom to operate on farms and ranches is vital not only to agriculturalists, but also to low-income families.

Farm Families of the Year, Leadership KFB and Casten Fellows will be recognized during the banquet Sunday evening, in addition to recognizing the Distinguished Service honorees.

On Monday, voting delegates will debate and adopt policy statements for 2025, in addition to electing the organization's president and board members from even-numbered Farm Bureau districts.

Second Saturdays

By Greg Doering, Kansas Farm Bureau

Outside of holidays, the most important date on the calendar when I was growing up was always the second Saturday of November or the traditional opening of pheasant and quail seasons. While I did plenty of quail hunting in east Kansas, we always headed west for the opening day to chase ring-necked pheasants.

While life has interrupted my participation for the last several opening weekends, including this year's, the memories of past hunts are always on my mind when the time rolls around. Provided we were heading to the far western frontier, pheasant hunting remains the only reason I was ever permitted to leave school early without suffering a dire illness.

Leaving in the early afternoon still meant hours of driving after dark until we arrived at our destination. We'd scroll through AM radio stations and listen to high school football games we didn't have a rooting interest in.

Lodging arrangements varied from hotels to the spare bedrooms and basement couches of friends and extended families. I still smile when I check in to a hotel that prominently asks guests to refrain from cleaning birds in the rooms. I've never done that, but I understand why the signs are there.

We'd rise well before daybreak to make it to the fields, stopping for a quick bite at some breakfast fundraiser held in either a church basement or VFW hall. The food was always good and fellow diners included a large number of people in orange coats and vests taking part in the same ritual. After fueling up, it was on to the hunt, which consisted of walking down rows of harvested corn and milo fields hoping to flush a rooster close enough to get a shot off. On a good field you could see birds running down the rows. Blockers at the end of the field helped hold the pheasant until those walking the fields and

Now on this 29th day of October 2024, the Board of Commissioners, Sheridan County, Kansas met in regular session with Chairman Mike "Buck" Mader presiding. Other members present were Joe Bainter, David Stithem, Joe Pratt, County Attorney and County Clerk, Heather Bracht. Guests were The Sheridan Sentinel, Dana Hess, Mark Samuelson, and Jacqui Brinkmeyer.

At 8:00 a.m. Mader called the meeting to order.

Those in attendance stood and recited the Pledge of Allegiance. Mader opened the Public Hearing for the purpose of closing the alley located in Block 3 in the original townsite of Studley. The alley runs through the center of Lots 4-12 and Lots 1-3 and 13-18. The alley is not maintained by anyone but the two property owners. There being no discussion, comment or concerns, Mader made a motion to approve closing the alley located in Block 3 in Studley. Stithem seconded the motion. Carried 3-0 Mader made a motion to amend the agenda to include Dana Hess seconded by Bainter. Carried 3-0. Hess advised the Board that she had hired two full-time employees.

The petition and instructions are available online at www. agriculture.ks.gov/kgcvoter or may be completed on paper or a combination of both. Once signatures are collected and submitted by Nov. 30, the election occurs in early 2025.

The Commission seeks to ensure, to the best of its ability, that board members reflect the diversity of the farmers it serves in terms of farm size, experience, production methods, and marketing strategies. All elected or appointed positions officially begin at the summer Annual Meeting.

The Board and Hess briefly discussed storm damage.

Joe Herskowitz, Road & Bridge Supervisor came to the table. There was discussion about the road east of the EMS Building on Hwy 24. Herskowitz stated they will look at putting gravel and millings on the hillside.

Herskowitz advised the Board they will build an enclosure for the excavator cab during the winter.

Tire bids were opened for the dump truck. Mader made a motion to accept the low bid of \$285/each from Bainter Oil. Bainter seconded. Carried 3-0

The full-size map was distributed reflecting road work completed and where work still needs to be done. Herskowitz will add where culverts have been put in. There was discussion about a bridge that had been repaired, mowing, cleanup of trees, and road work. Herskowitz distributed the revised section map.

The Board and Herskowitz discussed the driving home of County pickups. Two employees will be asked to make other arrangements so that the vehicles are not taken home.

The Board got clarification for all the tools that were purchased during the month. Herskowitz was advised to get some Lexan and see if D&L or Heim Body shop could shave it and put it in the grader.

The Board and Herskowitz discussed fuel and coordinating the maintenance on blades.

Karl Pratt from the Sheridan County Community Foundation came to the table. Pratt wanted to clarify the dollar amount of the grant that was given to the Sheriff's Office for new ballistic vests.

Pratt advised the Board that the duplex daycares should open the first week in November.

Pratt distributed flyers on Match Month and upcoming events.

Herskowitz returned to the meeting. There was a discussion about the Hwy 23 meeting that was held on Monday night. Everyone agreed there was a good turnout and discussion. There are concerns about bus rides for school kids, mail delivery, and EMS/fire/law enforcement issues. It will be an inconvenience for six months but there are plans in place to help alleviate most of the concerns.

Herskowitz advised the baler is up and running.

The October 22, 2024 Minutes were approved as presented on a motion by Stithem and second from Bainter. Carried 3-0

Mader made a motion to approve the October 29, 2024 Warrants as presented. Bainter seconded. Carried 3-0

The following Warrants were reviewed and approved:

General \$34,652.31

Road & Bridge \$115,712.11

Clerk's Tech \$ 100.00

Courthouse Repair \$4,739.30

ARPA \$1,125.00 Spec Hwy \$30,000.00

Micro Loan \$28,414.06

VIN \$42.00

Nox Weed \$9,334.31 ROD Tech \$100.00

E911 \$ 6,106.38

Public Transp. \$741.53

Landfill \$3,801.62

MV \$86.46

At 9:49 a.m. with no further business, Stithem made a motion to adjourn, seconded by Mader. Carried 3-0. Bracht reminded the Board there would be no meeting on Tuesday, November 5, as that is Election Day. The next regular meeting will be Tuesday, November 12, 2024, at 8:00 a.m. in the Commissioner's Room.

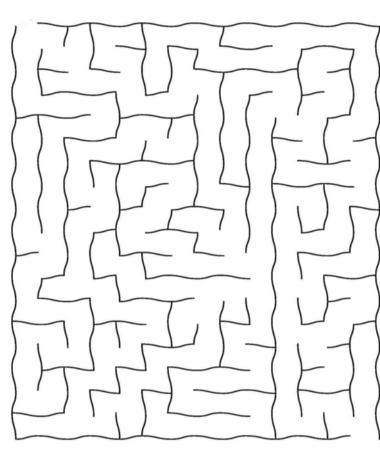

Attest: Heather Bracht, County Clerk, Mike "Buck" Mader, Chairman

the dogs could arrive.

Ideally the dogs would assist in the hunt by helping push the birds or go on point and calmly wait for someone to get close by before flushing the bird. In reality, the mix of labs and German shorthairs our group hunted with were as likely to charge ahead with wild abandon as they were to stay on point.

When everything went to plan, there's nothing that can replicate the rush of a pheasant taking off in front of you. The rustle of wings against the crop stubble followed by seeing a bright green head contrasted against a rooster's coppery body gets your heart pumping.

Under the best of circumstances, the pheasants would fly against a blue sky, but we also hunted in some truly miserable conditions. Only once can I remember quitting early. It was late in the afternoon of a perfect November Saturday and we stopped to hear Greg Sharpe call the fourth quarter of a K-State-Nebraska game.

That was a good year for pheasants and football. This year's crop of ringnecks is looking good according to roadside surveys. The 100,000-plus hunters who will chase them from now until the end of January should have plenty of opportunity.

I hope to be among them at some point over the next few weeks. Even though it won't be quite the same as all those hunts that began on the second Saturday of November.
